Professional Experience

Granicus, Inc.

Manager, Technical Training & Certification

Chicago, IL (Remote) • Nov 2015 - May 2026

Led enterprise technical training and certification programs for a multi-product government SaaS platform, supporting internal teams and thousands of public-sector clients. Directed remote training teams across the U.S., Canada, and Costa Rica, strengthening instructional quality, operational alignment, and customer readiness. Built scalable ILT, VILT, and digital learning programs focused on measurable behavior change, accuracy, and adoption. Modernized training operations through AI-assisted documentation, workflow automation, and structured content governance. Partnered cross-functionally with Product, Support, Implementation, and BI teams to ensure training aligned with evolving systems, releases, and operational requirements. Consistently maintained CSAT above 90% while reducing onboarding time and elevating trainer performance.

- Led distributed training teams across North America and Costa Rica, improving consistency and delivery quality.
- Directed onboarding, technical certification programs, and enablement initiatives for internal teams and government clients.
- Implemented QA processes and coaching frameworks that maintained CSAT above 90%.
- Designed blended learning ecosystems (ILT, VILT, digital) using instructional design principles focused on behavior change and operational accuracy.
- Introduced AI-enabled documentation and workflow automation, reducing development time and improving accuracy.
- Built scalable SOPs, job aids, and structured learning paths that reduced onboarding time.
- Managed learning management systems platforms, upgrades, integrations, and content governance.
- Conducted needs assessments and data analysis to drive curriculum updates.
- Collaborated with Product, Support, Implementation, and BI teams to align training with system updates.
- Developed digital learning content using e-learning authoring tools to enhance learner engagement and consistency.

Technical Trainer

Chicago, IL • Jan 2014 - Nov 2015

Delivered product-specific training for government SaaS applications and supported internal teams with technical enablement. Translated product updates into clear learning experiences and strengthened cross-functional alignment.

- Facilitated ILT and VILT training for sales enablement of internal teams and government-sector clients.
- Translated release notes and feature changes into actionable training content.
- Developed job aids, workflow guides, and scenario-based exercises.
- Trained implementation specialists on system configuration and best practices.
- Standardized training assets for consistent delivery.
- Served as SME for Support and Implementation teams.
- Used learner feedback and survey data to refine curriculum.
- Collaborated with Product, Support, Implementation, and BI teams.

CareerBuilder

Business Process Analyst & Trainer

Chicago, IL • Jun 2010 - Dec 2013

Delivered internal training for CareerBuilder employees on enterprise systems including Salesforce, order entry platforms, and internal workflow tools. Supported sales operations by documenting processes, improving system usability, and partnering with IT to develop tools that accelerated quoting, ordering, and client onboarding.

- Trained sales, support, and operations teams on Salesforce and internal systems (no client-facing training).
- Documented business processes and streamlined internal workflows.
- Built SOPs, job aids, and reference guides used across multiple departments.
- Partnered with IT to design and test an iPad quoting application enabling onsite quote creation and digital signatures.
- Supported internal adoption of new features and system enhancements.
- Analyzed internal workflows and recommended efficiency improvements.
- Collaborated with IT, Sales Operations, and Support to align training with system updates.

Senior Corporate Sales Support Specialist & Trainer

Chicago, IL • Sep 2006 - Jun 2010

Supported sales teams by delivering internal training on CareerBuilder systems, tools, and workflows. Improved sales efficiency through documentation, process support, and operational coordination.

- Trained new hires and sales reps on internal tools, CRM workflows, and order entry processes.
- Assisted with quoting, order accuracy, and workflow troubleshooting.
- Developed quick-reference guides and process documentation.
- Identified inefficiencies and partnered with Sales Operations to streamline processes.
- Served as internal system expert for CRM and order entry tools.

Sears, Roebuck and Co.

Training Lead / Department Lead

Chicago, IL • Jan 2000 - Sep 2006

Led training and daily operations for a high-volume retail environment. Managed a team of up to 15 associates, delivered operational training, and improved customer experience through process consistency and staff development.

- Managed hiring, scheduling, coaching, and performance for a multi-department team.
- Delivered training on POS systems, inventory processes, customer service, and safety.
- Streamlined workflows and improved customer satisfaction scores.
- Developed onboarding materials and facilitated new-hire training.
- Ensured compliance with corporate policies and operational standards.

Extracurricular

Parent Advisory Council - Portage Park Elementary

2023 - Present

President

- Led school-wide governance meetings, budget planning, and community engagement initiatives.
- Partnered with administrators, teachers, and parent groups to align on priorities and resource allocation.
